

Creative Ideas

Lord you are the Creator of all that exists. I come to you Elohim thanking you that I am created in your image and in your likeness. Stir me in my inner man that I may begin to tap into the gifts, talents and abilities that you have placed in me before the foundation of the world.

I declare that you daily download me with creative ideas and witty inventions. I open my heart and mind to receive inventions, innovation, cutting edge business concepts, new products, and services that the world has never known. I decree that you are giving me systems that will bring forth solutions on another level.

I bind mind control, divination, and all forms of witchcraft. I cut off fear, deception, and every plan of the enemy that comes to block, delay, sabotage, steal kill and destroy. I release the mind of Christ, the Blood of Jesus, favor, the anointing, & angels to divinely assist and protect every idea that comes from heaven.

Thank you Lord, for your grace, mercy and wisdom to walk out every idea by faith. I decree patents, corporations, partnerships and resources are released to bring forth the manifestation and advancement of each business idea and invention that you give me. I decree multiple streams of income as a result of this creativity and that you are glorified in Jesus name, Amen.
